

Sunny Hills Medical Center

TMS Therapy

Sunny Hills Medical Center offers TMS Therapy.

The NeuroStar Advanced Therapy TMS system generates highly concentrated, magnetic fields which turn on and off very rapidly.

These pulses are used to stimulate the left prefrontal cortex, which is commonly underactive in people suffering from depression

- Therapy for Depression & OCD (Obsessive Compulsive Disorder)
- FDA Approved
- Non-drug
- Non-invasive
- Covered by Insurance
- Proven to Clinically Work
- 36 Treatment Sessions
